ROBERT BRANTLEY

SERVED with Style

For this Palm Beach breakfast area, Margaret Kaywell of **Kaywell Interiors** took inspiration from the home's proximity to the ocean, her clients' traditional tastes, and the needs of a young family to create a design that is at once youthful, classic, and functional. The nook was carved out of what was originally a hallway and augmented with built-in cabinetry from Artistry Woodcraft to establish a visual impact across the long wall. The scalloped and tufted banquette adds whimsy and color to the all-white kitchen. A chandelier by Circa Lighting, nautical toss pillows made from Beacon Hill fabrics, and a centerpiece of seashells complete this picturesque dining scene. *Palm Beach* (561-632-0405, kaywellinteriors.com)
