BRANTLEY PHOTOGRAPHY

With a *TWIST*

Margaret Kaywell of **Kaywell Interiors** put a modern spin on traditional elements in this Palm Beach abode. “This [home] was designed specifically to capture and embody a fresh, youthful approach to classic styling,” Kaywell says. Whether lounging alfresco or attending an indoor dinner party, visitors will discover a welcoming retreat with contemporary allure. The dining room features Chippendale motifs and brocade fabrics realized in clean shapes and soft colors. Square lanterns from Circa Lighting illuminate a mahogany table. A silver banana leaf tray with capiz shell balls contributes to the sense of place. The pool and pavilion complement the home’s traditional lines, while minimalist furnishings nod to the contemporary aesthetic. *Palm Beach* (561-632-0405, kaywellinteriors.com)—Mary Murray
